

Requirements for the design of reports

The report should contain the following sections (general outline of the report):

- introduction;
- problem statement;
- solution of the task;
- analysis and discussion of the results, effectiveness and evaluation of the possibility of implementation, direction of further research;
- conclusions;
- applications (drawings, diagrams, diagrams);
- a list of the literature used.

The volume of the report is 10-15 pages (excluding appendices).

The size of the paper used: A4, orientation – book.

The size of the margins: upper and lower margins - 2.0 cm, left - 3.17 cm, right - 2.0 cm.

Font used: Times New Roman, font size - 10, line spacing - single, paragraph indentation - 0.75 cm.

Pages without numbering.

The title of the report is located at the top, in the center of the sheet in capital letters in bold font **Times New Roman 11**. There is no dot at the end of the name. The authors' surnames are located under the title of the report, centered relative to the main text and printed in bold **Times New Roman 10**. The head of the speaker is indicated before the list of authors. In the list of authors, initials are indicated first, then surnames.

The name of physical quantities, abbreviations, etc. – in the SI system. On the right side of the page, the number of the table is indicated, on the next line in the center its name is written in **bold**. If there is only one table in the text, then the word "Table" is not written.

The formulas are centered. The number is indicated on the right side of the sheet (in parentheses). In formulas, there should be a comma in fractional numbers, not a dot, for example: 0.5; 10-3.

The graphic material is arranged in the text in the order of its mention. The caption is located under the picture, for example: Fig.1. If there is only one picture in the text, then the word "Fig." is not written.

Drawings, diagrams, etc. must be additionally submitted as a separate file in the following formats:
